The Oklahoma Academy of General Dentistry presents  
***Esthetic Dentistry: Keys to Success***  
 By Gerard Kugel, D.M.D., M.S., Ph.D.

**About the Speaker:** Gerard Kugel, D.M.D., M.S., Ph.D., Associate Dean for Research and Professor of Prosthodontics and Operative Dentistry at Tufts

University School of Dental Medicine. With an expertise in Clinical Research and Esthetic Dentistry, he is a reviewer for The New England Journal of Medicine, JADA, The Journal of Dental Materials and the Journal of Dentistry. He is on the Editorial Board of the Journal Esthetics & Restorative Dentistry, The Journal of Cosmetic Dentistry and Compendium and he is Editor-in-Chief of Inside Dentistry. He is a Fellow in the American and International Colleges of Dentistry as well as the Academy of General Dentistry and the Academy of Dental Materials. Dr. Kugel is on the Board of Directors of the CRA Foundation and has his M.S. in Anatomy and Cellular Biology and his Ph.D. in Dental Materials. He received his Executive Certificate in Management from the MIT Sloan School of Business in 2009. Dr. Kugel has published over 120 articles and over 200 abstracts in the field of restorative materials and techniques. He has given over 300 lectures both nationally and internationally. Dr. Kugel is part of a group practice, The Boston Center for Oral Health, located in Back Bay, Boston.

**Program Synopsis:** As dentists we must not only rely on the materials but on our own ability to treatment plan and diagnose based on a multi-factorial situation. We must be careful in our preparation, design, and be meticulous in our bonding techniques. Failures in dentistry are frequently blamed on the materials. In reality, “user error” is often the culprit.

In this one day seminar, Dr. Kugel will highlight the latest information and evidence on a variety of esthetic dentistry related topics and clinical procedures. Aimed at dentists and their staff, this course will provide relevant clinical information to assist dentists in their everyday practice.

**Register Online at: <http://www.oagd.org>**

**What You Will Learn:**

- A comprehensive review of core principles of esthetic dentistry related to tooth form and function – tooth position, occlusal function. Most important, what you need to know to stay out of trouble
- Why esthetics is secondary to proper function!
- All ceramic options for indirect anterior and posterior restorations – what to do and when to use them
- Porcelain laminate veneers, what not to do
- Digital impression making and chairside CAD/CAM, has it’s time finally come?
- Advances in adhesive dentistry - Are the new generations all they are claimed to be?
- Tooth whitening, “in-office” and “take-home”, how they work and what is best for your patients. Light-activated bleaching – the facts!
- Esthetic case maintenance  
 You will get practical and cost effective information that you can use immediately in your practice.

**Location:** **Date:**  
**Oklahoma University College Friday, 2-10-12**  
**Of Dentistry**  
**1201 N. Stonewall**  
**Oklahoma City, OK 73117**
